Environment > Water Resources > Water Quality Education Program > KC Urban Stormwater Conference

KC Urban Stormwater Conference

The MARC Water Quality Public Education Committee, in cooperation with Missouri Water Environment Association and Kansas Water Environment Association, invites you to participate in the 2019 KC Urban Stormwater Conference on Feb. 4-5, 2019. The conference will convene national, regional and local stormwater professionals to discuss the growing issues around urban stormwater.

Conference Social Event - Boulevard Brewery
Monday, February 4, 4:30-6 p.m.

Join us for the *KC Urban Stormwater Social Event at Boulevard Brewery (2501 Southwest Blvd) Monday, February 4, 4:30-6 p.m.* This is an opportunity to network and socialize over appetizers and drinks with your peers in stormwater at Kansas City's hometown brewery! The event will be at the brewery's third floor Muehlebach Suite!

[Learn more about the conference program »](#)

Rates:

Member: \$150 Non-member: \$300
Networking social only: \$25

Featured Speaker:

Kevin L. Shafer, P.E.

Kevin Shafer has served as the executive director of the Milwaukee Metropolitan Sewerage District (MMSD) since 2002. The MMSD recruited The Conservation Fund to run its innovative flood management program, [Greenseams®](#). Shafer is responsible for the overall management, administration, leadership and direction for MMSD in meeting short- and long-term goals and objectives; coordinates the establishment of strategic goals and objectives and their approval by the commission; oversees the development of policies and operating plans; and represents MMSD to its customers, bond rating agencies, and the public.

Prior to joining the district, Shafer spent 10 years in private industry with an international engineering firm in Chicago and Milwaukee, and six years with the U.S. Army Corps of Engineers in Fort Worth, Texas. He holds a Bachelor of Science and Civil Engineering with a specialty in water resources from the University of Illinois and a Master of Science and Civil Engineering from the University of

KC Urban Stormwater Conference Agenda					
Monday, February 4, 2019					
11-11:30 AM REGISTRATION					
11:30 AM-1:00 PM Opening Lunch Session and Keynote Speaker					
Start	End		Room A	Room B	Room C
1:10 PM	1:40 PM	Concurrent Session I	Green Stormwater Infrastructure Parks <i>Robert Bryant and Trent Stober, HDR, Inc</i>	Flexamat – Permanent Erosion Control Solutions <i>Ron Geater, Mott Enterprises, Inc.</i>	Measuring Actual Stream Erosion and Impacts in the Indian Creek Watershed <i>Tony Stanton, Olsson</i>
		Concurrent Session II	Smarter Stormwater Solutions – Get Outside of Your Stormwater Box <i>Andy Sauer, Burns & McDonnell</i>	Stormwater Check Valves – Designs and Differences <i>Tom Bumgardner, Innovative Engineered Equipment</i>	Urban Acupuncture <i>Tim Duggan, Phronesis</i>
1:45 PM	2:15 PM	BREAK			
2:15 PM	2:45 PM	Concurrent Session III	Water Quality Assessment and New Monitoring Approach for Johnson County, KS <i>Trent Stober, HDR Heather Schmidt, Johnson County Public Works</i>	The Flood of Record, and the Second Flood of Record, Indian Creek, Kansas City, MO <i>James Walton, KC Water Services</i>	Utilization of GIS for Construction Plans and Documentation <i>Doug Carpenter, GBA</i>
2:45 PM	3:15 PM	Concurrent Session IV	Impact of Sweeping on Stormwater <i>Jeff Miles, Key Equipment and Supply Company</i>	Coordinated Solutions for Flood Risk Reduction and Mitigation <i>Jason Schneider, Stantec</i>	Johnson County Stormwater's Asset Management Solutions <i>Sarah Smith, Johnson County Public Works Matthew Scott, CDM Smith</i>
3:20 PM	3:50 PM	BREAK/TRAVEL TO SOCIAL			
4:30 PM Social Event at Boulevard Brewery					
Tuesday, February 5, 2019					
7:30-8:30 AM Network Breakfast/Registration					
Start	End		Room A	Room B	Room C
8:30 AM	9:00 AM	Concurrent Session V	A Watershed Moment: How Perfect Timing Led to Kansas City's Largest CSO Public-Private Partnership <i>Tim Saxe, Kansas City University Chris Cline, Confluence</i>	Does Your Detention Pond Function as Designed? <i>Michael G. McDonald, City of Leavenworth</i>	Using Physical Hydraulic Models to Manage Risk and Uncertainty <i>Donald W. Baker, Water Resources Solutions</i>
9:05 AM	9:35 AM	Concurrent Session VI	Refining the Green Standard -- Kansas City, MO Green Stormwater Infrastructure Manual <i>Brenda Macke and Lauren Grubbs, Burns & McDonnell</i>	Using Continuous Monitoring and Adaptive Control to Monitor and Optimize Existing Detention Facilities <i>Jason Garder and Andy Sauer, Burns & McDonnell Heather Schmidt, Johnson County Public Works</i>	2D Modeling to Better Understand and Communicate Flooding Risk Behind Levees <i>Lori Gies and Anish Pradhananga, Stantec</i>
9:40 AM	10:10 AM	Concurrent Session VII	KCMO Green Infrastructure Asset Management <i>Scott Parker, City of Kansas City, MO</i>	Floating Wetlands: for Public Engagement and Cleaner Water <i>Ian Fannin-Hughes, City of Overland Park, KS</i>	Visualizing the Flood Risk from a Levee Breach <i>Will Zung and Breyana Aldridge, Stantec</i>
10:10 AM	10:40 AM	BREAK			
10:40 AM	11:10 AM	Concurrent Session VIII	Engaging Youth: Outreach with Greater Impact <i>Carla Dads and Ann Frame Hertzog, Shockey Consulting</i>	Target Green West Marlborough -- Overcoming Construction Challenges <i>Jessica Veach, CDM Smith</i>	Green Infrastructure: Target Green West Marlborough <i>Bill Murphy, ASP Enterprise</i>
11:15 AM	11:45 AM	Concurrent Session IX	We Can Do It! Land and Water Conservation in Johnson County, KS <i>Ginevera Moore, The Conservation Fund Lee Kellenberger, Johnson County Public Works</i>	"Unified Green" Policy for Implementing a Successful GSI Program in the UG <i>Lauren Grubbs and Brenda Macke, Burns & McDonnell</i>	Plexpod Westport: Storm Water Management and Native Plant Design <i>Will Gibson, Green Thumb Gardens</i>
11:50 AM	12:20 PM	Concurrent Session X	Purposeful Community Green Infrastructure <i>Scott Schulte, Vireo Diana Johnson and Lisa Treese, KC Water Services</i>	Intelligent Stormwater Management in Combined Sewer Systems in Kansas City, MO <i>Jason Garder and Andy Sauer, Burns & McDonnell</i>	A Permeable Story -- PaveDrain <i>Doug Buch and Bill Murphy, PaveDrain, LLC</i>
12:30 PM - 2:00 PM Lunch Session and GSI Workforce Development Panel					
KC Water Services, Lisa Treese - Bridging The Gap, Kristin Riatt - Water Environment Federation, Adriana Caldarelli					
Start	End		Room A	Room B	Room C
2:10 PM	2:40 PM	Concurrent Session XI	GSI Maintenance & Strengthening Our Community <i>Lisa Treese, KC Water Services Chris Caldwell, Bridging The Gap</i>	Understanding Your Stormwater System for Sustainable Integrated Solutions <i>Jason Garder, Lauren Grubbs and Kyle Bruemmer Burns & McDonnell</i>	Beverly Hills Stormwater Green Infrastructure CIP <i>Laura Adams and Andrew Smith, Black & Veatch</i>
2:45 PM	3:15 PM	Concurrent Session XII	Green Stormwater Infrastructure Story Map <i>Kylie Wyatt and Miranda Sloan - Burns & McDonnell Regan Brotherton, Taliaferro & Browne</i>	Integrating the MS4 Approach to 'Practical Reality' for Grandview <i>Brenda Macke and Lauren Grubbs, Burns & McDonnell Josh Tinkey, TREKK Design Group</i>	When Neighborhood Ponds Run Amuck <i>David Dads, AECOM Carla Dads, Shockey Consulting</i>
3:20 PM	3:50 PM	Concurrent Session XIII	Green Stormwater Infrastructure Performance <i>Priya Iyengar, KC Water Madison Gibler, Burns & McDonnell</i>	USGS Urban Flood Frequency Analysis and Utility of StreamStats <i>Paul Rydlund and Jarrett Ellis, U.S. Geological Survey</i>	Collaboration and Rain Gardens: Using Volunteers and City Resources to Beautify Poor Drainage Areas of Frisco Lake Park <i>Michele Silsbee, City of Olathe Public Works</i>
3:50 PM	4:00 PM	BREAK			
4:00 PM - 5:00 PM Closing Plenary Session					
MARC Regional Green Infrastructure Plan - Here We Grow Tom Jacobs, Mid-America Regional Council Big Ideas - What's Next Andy Sauer, Burns & McDonnell

Subject: RE: Sign Up for Nutrient Smart Informational Webinars

Jeff – good to hear from you – we will sign up for this
Mike

From: Jeff Lamfers <jeff@krwa.net>
Sent: Monday, February 25, 2019 11:40 AM
To: Mike McDonald <MMcDonald@firstcity.org>
Subject: Fwd: Sign Up for Nutrient Smart Informational Webinars

Good morning Mike. I immediately thought of you when I received this email from EPA dealing with non-point source runoff, and specifically nutrient contributions from non-point source runoff. Hope all is well in Leavenworth. Have a good week.

----- Forwarded message -----
From: U.S. EPA Office of Water <epaow@epa.gov>
Date: Mon, Feb 25, 2019 at 10:05 AM
Subject: Sign Up for Nutrient Smart Informational Webinars
To: <jeff@krwa.net>

Be NutrientSmart (NSmart)!

NSmart is a proposed voluntary program to recognize water resource recovery facilities (WRRFs), and their watershed partners, progress towards reducing nutrients in waterbodies. The EPA's Office of Water and the NSmart Steering Committee are hosting an interest and information webinar to introduce a proposed voluntary recognition program for POTWs, WWRFs, communities, and other

Mike McDonald
Mike Hooper

stakeholders and potential partners that have reduced or are working towards reducing nutrient loadings to streams, rivers, lakes, and other surface waters.

As one of these stakeholders, we would like to provide you with background and answer your questions on the different ways to participate and be recognized as NSmart and gauge your interest in NSmart. We want to know how best to engage with you and make recognition valuable to you, your ratepayers, partners, and local communities.

There are two opportunities to participate in the webinar:

- Wednesday, April 10, 1-2pm (EDT)
- Thursday, April 11, 3-4pm (EDT)

1-866-299-3188

Sign up here: <https://www.eventbrite.com/e/be-nutrientsmart-nsmart-informational-webinar-tickets-56365697318>

If you belong to a number of networking or subscriber lists, you may receive this invitation more than once from different sources. You only need to respond to one to reserve your spot on the webinar. Also, please feel free to share with colleagues and stakeholders you believe would be interested.

mid April?

PROGRAM

Introduction

- 1) Conveyance
 - a. Materials available, **Including up to 120" diameter HDPE Pipe**
 - b. Up to 30 year old Aluminized CMP site investigation, video documentation of invert condition at various KC metro locations
- 2) Underground Storage
 - a. Infiltration/Retention/Detention
 - b. **Precast Concrete, Plastic, Metal & Porous Pavers**
- 3) Water Quality utilizing Stormwater Treatment Devices
 - a. **NEW "Cascade" HDS Unit**
 - b. Filterra, an alternative to conventional Bio-Retention

*Justin Sfeuert
